

Hello Joe and Tom,

I have been thinking about ways to amend the Ferris motion at the annual meeting when I discovered the by-laws allow the introduction of a new motion at the meeting. It can only be voted upon at the discretion of the moderator.

This is the motion I plan to present and Dorothy Bruno will second.

I move we establish a committee with Board Members and members of the community to study the Shelter Harbor Fire District voting practices including multiple votes based on multiple properties and proxy voting. Said committee to prepare a report with options going forward to the community by March 15, 2021.

Betty
